Education

Indian Institute of Information Technology, Bhagalpur Nov 2021 - June 2025
B.Tech in Computer Science & Engineering *8.31/10 CGPA(absolute)*

Tomar Children School, Varanasi April 2019 - May 2020
Class XII *94%*

Relevant Coursework

- Data Structure and Algorithms
- Object Oriented Programming
- Artificial Intelligence
- Computer Networks
- Database Management System
- Operating System

Work Experience

Cognifyz Technologies May 2024 – June 2024
Web Development Intern

- Implemented new features, ensuring optimal performance and an enhanced user experience through careful analysis, debugging, and performance optimization
- Demonstrated strong coordination skills and clear technical communication, facilitating seamless project execution and delivery.

Projects

SocioMedia: TechStack - HTML | CSS | JavaScript | ReactJS | Node.js | MongoDB [Source Code](#)

- Developed a dynamic and user-friendly social media platform using React, enabling users to seamlessly create and maintain connections and share multimedia content.
- Implemented robust features including friend creation, photo and video uploads, and intuitive user interfaces, fostering an engaging and immersive social networking experience.

ThreadNest: TechStack - JavaScript | ReactJS | Node.js | Express.js | MondoDB [Source Code](#)

- Developed an interactive platform using React.js, designed for threaded conversations and real-time engagement, enabling users to create posts, reply, and follow other users seamlessly.
- Implemented key features such as user authentication, profile updates, customization, and media uploads via **Cloudinary**, with a focus on performance optimization and efficient state management using Recoil.

Technical Skills

Languages: C, C++, JavaScript
Backend: Node.js, Express.js
Frontend: React, HTML, CSS, Bootstrap
Databases: MySQL, MongoDB
Tools: Postman, VS Code, Git, GitHub, Linux, Cloudinary

Certifications

Meta Front-End Developer Professional Certificate Jan 2024 – May 2024
Coursera

- This program covered essential skills including HTML, CSS, JavaScript, ReactJS, **responsive web design**, version control with **Git**, and modern web development tools and frameworks. Additionally, it emphasized best practices in **UI/UX** design, accessibility, and user-centric development, providing hands-on experience through real-world projects and assignments.

Achievements

- Achieved Level 2 qualification in the **Flipkart GRiD 5.0** Health+ Track organized by Flipkart.
- Qualified for Level 2 of [**Smart India Hackathon'23**](#) organised by Government of India.
- Completed **Google Cloud** Arcade training, gaining practical experience in deploying and managing cloud infrastructure.
- Solved more than **700** problems in DSA on **LeetCode** and **GFG**.
